

RAINSTAMP®

STANDARD SPECIFICATIONS

EXPANDED WIRE MESH SMALL HOLE

FLAT STEP

For 5", 6", or 7" gutter.

Use:

Protect your rain gutters from clogging.

Feature:

Flat Step is made from 0.0270 expanded galvanized steel that is powder-coated or 0.0320 copper for maximum durability.

With its patent pending unique gap system, protects the gutter from debris clogging the outlets. Available in black powder coated steel and copper.
